- Notes:
1. The Contractor should check all heights, sizes and dimensions on site before works commence and any errors should be reported to Woodsyde Developments Limited.
 2. Figured dimensions shall take preference to scaling, with any errors reported to Woodsyde Developments Limited.
 3. The proposed double yellow lines shall comply fully with the Traffic Signs Manual - Chapter 3 - Regulatory Signs diagram 1018.1. The lines shall be 75mm thick to accord with the 30mph speed limit.
 4. Junction visibility is shown to the maximum point along the A49 in a southerly direction and the maximum point available within the confines of the highway boundary.
 5. Junction visibility from new access along Forge Way shown to accord with Shropshire Council requirements and guidance provided in Manual For Streets which are appropriate for this Council maintained estate road. The ATC 85th %tile speeds obtained along Forge Way was recorded to be 14.25mph and 14.7mph in an easterly direction and south westerly direction accordingly. The required SSD and junction visibility splay will be 2.4m x 17m in either direction along Forge Way,

Rev B: Amended to accord with RSA1/2 AG 01.05.2020
